

Rob Boskamp Biography

DJ Rob Boskamp is probably one of the most well-known names in Dutch DJ-history. He has played every single festival and every single club in Holland.

His dj-styles range from soulful, latin, groovy-house stuff to the more banging Dutch style. *His uplifting real and tech-house sounds creates that hands in the air reaction every time he gets his hands on the wheels of steel.*

But he is also very well-known for his amazing disco, dance and house-classics sets (70/80/90s/00's) and his extremely energetic eclectic sets (from house to urban, from pop to top40 from dance-classics to salsa). *Since the start of 2017, he also integrated video-clips* into his sets, which makes it even more an experience you don't want to miss.

Because of his lengthy dj-career, he's a walking encyclopedia and knows what good quality music is all about. His sets with soul and funk, lounge and jazzy tracks combined with sweet, loungy house are also a pleasure to the ear.

He's known for his long sets (3 to 6 hours and more), but is also experienced enough to bring it all down to a banging 2 hours set.

His amazing capability to adjust to every crowd he stands for, makes him unique in his own right.

He's holding residencies in clubs like Café in the City / Amsterdam, Panama / Amsterdam, Porto / Loosdrecht, Three Sisters / Amsterdam and Soho / Amsterdam. He is also the resident for the successful party-concept's 'Legendary', 'The Play-Ground', 'Latino Grooves', 'Supertramp', 'LatinXperience', 'Nasty 90's & Super 00's', 'Hippie', and 'S.M.A.S.H' (Soulful Music And Sexy House).

Furthermore he owns labels like Instant Groove Records, Big Boss Records, Urban Sound of Amsterdam and S.M.A.S.H Records.

As a producer he's is known for his bootleg "get your ass up" and his singles "in the evening", "it's all in the mind" and "position", which all went into the Dutch Top 100 sales charts.

He also remixed artists like Snoop Dogg, Nick Corline, Kadoc, Da Hool, T-Spoon and Moony, Chaka Khan, Diana Ross amongst others.

Rob did over 200 gigs in 2017 and also a dozen releases. 2018 is going to be just as crazy, with bookings on several festivals like Wooferland and Valtifest amongst others and with upcoming bookings in Italy, UK, Belgium, Germany and Curacao and of course his weekly residencies in the Netherlands, he's still a force to be reckoned with.
